

**ENTRY-LEVEL and INTERNSHIP
ENGINEERING AND GEOLOGY
POSITIONS AVAILABLE**

Kleinfelder is a leading professional services firm in natural and built environments for municipalities, government agencies, multinational companies and industrial concerns across the nation. With nearly 2,000 staff, Kleinfelder is one of the nation's largest employee-owned firms providing planning, engineering, scientific, technical and management solutions.

Whether you are an experienced professional or a recent graduate, at Kleinfelder, you can work with some of the best minds in the industry. As an employee-owner, you'll have a genuine stake in the success of our company and share in our commitment to exceptional customer service. This means that our employee-owners channel the additional energy of ownership into their work on behalf of our clients, consistently delivering high quality and responsive service that our clients have come to expect.

Our clients select us because they know they can expect more from us. In the same way, we have more to offer you.

- Challenging projects.
- Opportunities for professional training, project work at Kleinfelder and client offices across the country, and career advancement.
- The unique advantages of employee-ownership.

We have created an environment where talented, forward-thinking and team-oriented people are empowered to accomplish extra-ordinary goals. We reward people who discover and implement innovative ideas. Kleinfelder employees take responsibility for their work, actions and professional development.

We ask that students have a B.S. degree in engineering, geology or the sciences. The ideal candidate must have a strong, technical background in geology or engineering, the ability to provide technical support on projects and good writing skills. Candidates that have completed applicable internships are preferred for Entry Level positions and OSHA 40HR HAZWOPER training is a requirement for Environmental Internship positions. Engineering-in-Training (EIT) licenses are also a plus.

We are currently seeking candidates for the following positions throughout the US:

Environmental Engineers	Civil Engineers
Geotechnical Engineers	Chemical Engineers
Remediation Design Engineers	Seismic Engineers
Structural Engineers	Soils/Materials Engineers
Construction Engineers	Geologists
Hydrogeologists	Environmental Scientists
GIS Technicians	Health & Safety Officers
Wetland Scientists	Industrial Hygienists

Please apply on-line through our web site www.kleinfelder.com under Careers and People/Employment Opportunities.
